YES, IT'S STYLISH – BUT IT'S A LOT MORE BESIDES IT! RENAULT'S FIRST URBAN CROSSOVER, THE CAPTUR IS AGILE, DYNAMIC AND ELEGANT, BOTH INSIDE AND OUT. DRAWING ON RENAULT'S EXPERTISE, IT EXPLORES NEW TERRITORY IN TERMS OF DESIGN, COMFORT, EQUIPMENT... AND PLEASURE!

*A VOYAGE THROUGH  
THE CAPTUR*

1. The customisable Renault Captur sports original two-colour paintwork that distinguishes the roof, pillars and mirror casings from the rest of the body. 2. Sturdy and light in equal measure, the Renault Captur's flowing, elegant profile hints at a spacious passenger compartment. Its compact footprint, raised ground clearance, large wheels and sill guards will enable it to take every aspect of everyday motoring in its stride. 3. With its vast, bright interior, 'tailor-made' colour schemes and ergonomic dashboard, the Captur is simply made for you. 4. Stylish, efficient and distinctive, the elliptical headlights enhance the Captur's personality. Combined with the enlarged logo and structured radiator grille, they show off Renault's new identity.

# PURE ENERGY

PLEASANT AND RELIABLE, STURDY AND FRUGAL, THE RENAULT ENERGY PETROL ENGINE DOES NOT FORGET THE QUALITIES IT OWES TO FORMULA 1®: TECHNOLOGY, FUEL ECONOMY, FLEXIBILITY AND ENDURANCE. THE RENAULT CAPTUR'S POSITION AT THE TOP OF ITS CATEGORY IN TERMS OF QUALITY/PERFORMANCE RATIO IS NO ACCIDENT.

## FROM FINISH LINE TO ASSEMBLY LINE

At Renault, technological innovation is driven by the passion of our employees. **Rob White, Technical Director of Renault Sport F1®**, works with his team to create the Renault Energy F1 engines that power a quarter of all Formula 1® teams. Winning engines for over 35 years! Twelve-time world champions.

For production cars, **Renault Powertrain Engineering Director Alain Raposo** and his staff develop the new ranges of Energy engines.

Are you thinking they have nothing in common? Think again. On a day-to-day basis, Rob and Alain keep in touch, talking and working together to develop new ideas, each benefiting from the other's know-how, with the enthusiasm of lifelong pioneers. Their goal: to reduce fuel consumption and CO<sub>2</sub> emissions by as much as 25%, test engine strength under extreme conditions and take the everyday pleasure of driving a Renault to even greater heights.

When two teams of innovation-obsessed engineers combine their efforts and share their expertise, the drive for creating some of the world's best engines is doubled.

The Renault Captur engine is turbocharged. What's the objective? To be the best in its category in terms of driving pleasure. With a lively response, sharp acceleration, and flexibility at all speeds, Energy engine combines driving pleasure with fuel economy, delivering remarkably moderate fuel consumption and CO<sub>2</sub> emissions.

### 100% turbo, 100% efficient: Turbo Control Efficiency (TCe)

The new TCe 120 EDC, combines power and controlled fuel consumption (5.9 L/100 km and 138 g/km of CO<sub>2</sub>). Responsive, lively and agile, it is both powerful and quiet. Its 83 kW deliver torque of 190 Nm at 2,000 rpm. For even greater driving pleasure, it is connected to a 6-speed dual-clutch EDC automatic gearbox.

### EDC automatic gearbox

For greater comfort and pleasure, the 6-speed dual-clutch EDC automatic gearbox is available with the TCe 120 engine. Upshifting is fast and smooth, with no jerking or loss in acceleration. Fuel consumption is comparable to that of a manual gearbox.

## STATE-OF-THE-ART TECHNOLOGY

1

### VENT CONTROL

Automatically adjust the flow of air through the radiator to the engine's cooling requirements, improving the vehicle's aerodynamics and fuel consumption.

2

### ECO MODE

To reduce fuel consumption even further, the driver can hand over control of some driving duties to Eco Mode, which modifies the vehicle's acceleration, torque/power management and heating/air-conditioning. Driving is made smoother and acceleration longer, thus saving fuel.

# THERE'S SO MUCH TO EXPLORE!

ADVENTURES YOU'LL REMEMBER FOREVER. THE SUPERBLY PRACTICAL RENAULT CAPTUR HAS SET ITS SIGHTS ON EXPLORERS OF BOTH COUNTRY LANES AND CITY STREETS, PROVIDING THEM WITH STORAGE WORTHY OF ITS NAME. IDEAS, OBJECTS, LITTLE TREASURES – YOU'LL NEVER HAVE TO LEAVE ANYTHING BEHIND!

The 11-litre Easy Life drawer can hold all of your valuables. Accessible and practical, this XXL storage space is a big new concept! As if that was not enough, there is also a closed compartment on top of the dashboard and a removable central storage area (depending on the version) that can be accessed from both the front and rear seats. Meanwhile, the boot\* has a multi-position, removable and reversible floor (depending on the version), with a rubber surface that can be wiped down with a sponge. When raised to sill level, the floor hides what you don't want to show; in its mid-level position, it gives a practical boost to your loading space.

\*From 377 dm<sup>3</sup> to 455 dm<sup>3</sup> when the bench seat is in forward position.

# INNER SPACE

WE GO FURTHER WHEN WE'RE COMFORTABLE. FURTHER IN EXPLORING. FURTHER IN ENJOYING THE PLEASURE OF TRAVELLING. SPACIOUS, ORIGINAL AND COLOURFUL, THE RENAULT CAPTUR'S INTERIOR BREAKS WITH CONVENTION: LIGHT AND DARK COLOUR SCHEMES, UNZIPPABLE SEAT COVERS... THE WORD 'HARMONY' SUDDENLY TAKES ON A NEW MEANING.

Original, modular and cheerful, the Renault Captur moulds to your personality and surrounds you with stylish details. The continuous shape of the dashboard and the interior panels envelops you like a cocoon.

The 'zip collection' customisable seat covers, made from soft fabric in a variety of colours (with 5 available patterns), are unzippable and washable. The overall trim – in a light or dark colour scheme – adapts to suit your taste.

To ensure even greater comfort for adults and children alike, there is ample interior space. The rear passengers enjoy knee room of up to 21.6 cm! The 1/3-2/3 folding rear bench has 3 seats, converts into a flat floor and slides on rails, allowing the Captur's volume to be adjusted and its passenger compartment arranged to suit your needs.

Space, light, colours - every aspect makes you want to climb inside the Renault Captur!
