

DS AUTOMOBILES

DS E-TENSE

The product of traditional craftsmanship worthy of a premier French luxury house and the use of digital tools in combination make the DS E-TENSE a one-off, as much for its exterior design features as for the drive sensation it provides. The experience is one of luxury, high-tech capability and exceptional performance in one sleek package.

Encapsulating the brand's technological and stylistic vision, this avant-garde creation opens the way to the future.

ENGINE

Type	100% electric
Power	402 hp
Max torque	516 Nm
Batteries	Lithium-ion ; 53 kWh (360 V in direct current)
Range	360 km (urban cycle) ; 310 km (combined cycle)

GEARBOX

Gearbox	Automatic
Number of gears	3 speeds with torque limiting system

PLATFORM

Chassis	Carbone monocoque chassis
Front / Rear brakes	Front: 6 pistons brake caliper – 380 mm ventilated disc Rear: 4 pistons brake caliper – 360 mm ventilated disc
Suspension	Front and rear double-wishbone suspension No suspension control system
Tyres	MICHELIN Pilot Supersport – Front: 245/35 ZR 20 ; Rear: 305/30 ZR 20

DIMENSIONS

Length	4.72 metres
Width	2.08 metres
Height	1.29 metre
Weight	1.8 tonne

PERFORMANCE

Acceleration	From 0 to 100 km/h in 4.5 seconds
Top speed (electronically limited)	250 km/h

EQUIPMENT

Headlights	DS ACTIVE LED VISION
HiFi System	9 Focal Utopia HiFi speakers
Accessories	Unique pilot bag crafted by Maison Moynat Records TB clock crafter by BRM Chronographes
