Mopar-first Features

During the brand's 80 years, Mopar has introduced numerous industry-first features, including:

- Vehicle-information apps: first to introduce smartphone vehicle-information applications, a new channel of communication with consumers
- wiADVISOR: first to incorporate a tablet-based service lane tool
- Electronic Vehicle Tracking System (EVTS): first to market with a new interactive vehicle tracking device that sends owner a text when vehicle is driven too fast or too far based on pre-set parameters
- Wi-Fi: first to offer customers the ability to make their vehicle a wireless hot spot
- Electronic owner manuals: first to introduce traditional owner manuals in a DVD and brief user-guide format

80 Years of Mopar

Mopar (a simple contraction of the words MOrtor and PARts) was born on August 1, 1937, as the name of a line of antifreeze products. Mopar has since evolved over 80 years to serve as the total service, parts and customer-care brand of all FCA vehicles around the globe.

Mopar made its mark in the 1960s during the muscle-car era, with Mopar Performance Parts to enhance speed and handling for both road and racing use, and expanded to include technical service and customer support. Today, the Mopar brand's global reach distributes more than 500,000 parts and accessories in over 150 markets around the world. With more than 50 parts distribution centers and 25 customer contact centers globally, Mopar integrates service, parts and customer-care operations in order to enhance customer and dealer support worldwide.

Mopar is the source for genuine parts and accessories for all FCA US LLC vehicle brands. Mopar parts are engineered together with the same teams that create factory-authorized specifications for FCA vehicles, offering a direct connection that no other aftermarket parts company can provide.
