INFINITI QX60 WINS U.S. NEWS & WORLD REPORT 2017 BEST LUXURY THREE-ROW SUV FOR FAMILIES AWARD

NASHVILLE, Tenn. – The 2017 Infiniti QX60 was recently named the Best Luxury Three-Row SUV for Families by U.S. News & World Report. The award highlights vehicles with impressive safety ratings, cargo space and family-friendly features.

“We develop vehicles that offer a combination of empowered performance, interior versatility and advanced safety for our owners, and the INFINITI QX60 is a perfect fit for all stages of family life, from toddlers in car seats to teenage drivers,” said Randy Parker, vice president, INFINITI Americas. “We are honored to be recognized by U.S. News & World Report for this commitment to delivering a premium drive experience for the entire family.”

For this year’s awards, U.S. News analyzed more than 200 new cars, SUVs and minivans currently on the market. Each vehicle was judged based on an analysis of professional automotive reviews, safety and reliability ratings, seating and cargo volume and the availability of kid-friendly features.

Like many other award winners this year, the INFINITI QX60 has available advanced driver assistance features, such as Predictive Forward Collision Warning, Backup Collision Intervention, Intelligent Cruise Control, Lane Departure Warning and Lane Departure Prevention, Blind Spot Warning, Distance Control Assist and Around View® Monitor with Moving Object Detection. The QX60 also includes a rearview camera, as well as available in-car WiFi, so the whole family can be connected while on the go.

The seven-passenger QX60 offers both luxury and function. Its unique second row flexibility allows parents to access the third row without having to remove a car seat, while the available Theater Package now offers dual eight-inch color monitors to entertain back-seat passengers on longer trips. A new Motion Activated Liftgate is also an available option for those times when parents don’t have enough hands.

The 2017 QX60 also includes INFINITI InTouch™, which integrates navigation, convenience, security and entertainment into an instrument panel-mounted control system. INFINITI InTouch™ with Navigation and INFINITI InTouch™ Services, now available in the Premium Plus package, add Vehicle Health Report features and Voice Recognition for audio, Bluetooth® and vehicle information.

More details on the 2017 INFINITI QX60 are available at www.infinitiusa.com.
